LEADERS IN DESIGN

@ the Houston Design Center

Mallory Gaylor/Mohle Design

“The Houston Design Center is a great facilitator for client/designer communication. We truly enjoy taking our clients to the center, so that we may help help them hone their design voice.

It is incredibly helpful to have so many showrooms to tour. Especially, the Silsby Nunes Group, where the customer service and product selection is extraordinary.”

Mallory Gaylor Mohle Design

"Mallory Gaylor has worked at Mohle Design, Inc. for seven years, much of her professional career, under the mentorship of Ted Mohle III. Mohle Design provides architectural and interior design services: delivering creative, pragmatic design solutions. The company is more than a consultant; they are a trusted team member. They collaborate and coordinate ideas from inception of the project through construction, giving attention to every detail. With their collective expertise and relationships, they are able to complete the project on time and on budget. The result – a signature space, achieved by living/working outside the box.

Mallory Gaylor's main focus at Mohle Design is commercial interiors. Ms. Gaylor prides herself on repeat clients, indicative of their appreciation for her clean aesthetic, professionalism, and dedication. Mallory is passionate about unique design, while providing innovative and functional solutions to fulfill her clients' needs. Mallory is known for taking design risks; pushing the envelope in terms of materials and form design. She values client's trust in her process, ultimately building a great relationship, which produces good design.
