# LEADERS IN DESIGN

@ the Houston Design Center

Christine Ho/Christine Ho Interiors

“The Houston Design Center is a great resource for designers in Houston. It is conveniently located and has a great variety of showrooms that meet my creative visions. It is also an amazing resource not just for sourcing our needs but also provides many top notch events and CEU's to help a designer meet their curriculum and grow.

I am grateful to have such a wonderful resource as an integral part for my projects!”

# Christine Ho Christine Ho Interiors

*Christine Ho Interiors is a residential design firm that is modern yet classic in style. Christine has a background in accounting and a creative soul. She founded Christine Ho Interiors in 2011 where she easily blends her visions and passions to become a successful designer. Christine walks her clients through the entire process from design to completion while making sure her clients understand every step along the way. Communication is key as it is important to have the same vision between designer and client. With good communication, planning, and thinking outside the box, Christine is able to create beautiful spaces that is not only timeless, but also functional.*
