Designing windows

a continuing series at MAI

MAI welcomes the new year with fab new windows by **Nest Collective**, the partnership of **Susan Grooms** and **Erin Ramirez**. The collaboration marries their talents to create eclectic interiors and custom art.

Susan has been a Houston interior designer for many years. Through her design experience, she is discovering her passion and style with painting. Her works include abstract to contemporary realism.

Erin is a registered interior designer with 20+ years of experience in merchandising and residential design. She loves new construction and has a growing obsession with pillows and fabric.
