LEADERS IN DESIGN

@ the Houston Design Center

Diana Martin/Diana Martin Interiors

“The Houston Design Center offers a wide array of resources reflective of Houston which is a dynamic, diverse, and metropolitan city.

The importance of design in our community is enhanced by the talents of Houston’s many designers and the invaluable showrooms and creative offerings found in the Houston Design Center.”

Diana Martin Diana Martin Interiors

Being immersed in aesthetics began for Diana Martin at an early age, as the daughter of an architect and art lover; design is woven into her spirit. The journey lead Diana to obtain a degree from University of Texas in Interior Design.

Diana's work career started at Index Design Group, specializing in hotel and restaurant design working on numerous projects across the country over an eight-year stint there. Then with newborn in tow she began taking on small projects of her own and exploring new opportunities in residential design.

Flash forward almost thirty years to Diana's portfolio of interior design projects comprised of new builds and remodels mainly residential with a few small offices when the need arose. Of course being based in Houston implies many hometown projects, but also many notable projects in Austin, Aspen, Jackson Hole, Atlanta, Chicago, Paris, Dusseldorf, and a transatlantic vessel.

Diana works with her sister Janet Dowlearn with Habicon Interiors and on her own as Diana Martin Interiors.
