The Houston Design Center

Sharon Staley/Sharon Staley Interiors

atmosphere of the Houston
Design Center makes
shopping for my projects
such a pleasure - couple
that with the professionalism
and product knowledge of
the showrooms creates a
standard to which none
can compare.

Sharon Staley Sharon Staley Interiors

Sharon Staley brings more than four decades of industry experience to this year's ASID Show Home Tour. She grew up in the business: With a thriving furniture business in Houston, her father once served as president of the Furniture Association. Sharon inherited his passion for exquisite furnishings as well as his commitment to the industry. She has received numerous accolades, including ASID Fellow, ASID presidential citations and ASID design awards, and also is a past president of the ASID Texas Gulf Coast Chapter.

Well-known for her diversity, Sharon heads her own full-service design firm, Sharon Staley Interiors, handling a wide range of residential, hospitality, commercial and new-home construction projects. From homes in the Cayman Islands and Santa Fe to hotels and high-rises in Houston, Sharon has yet to find a challenge she can't meet.
