LEADERS IN DESIGN

@ the Houston Design Center

Shellaine Henderson/Shellaine's Interior Design

“The Houston Design Center is my go-to place for everything in design. You can find everything you're looking for: furniture, fabrics, stone, tile and more.

The Houston Showroom, in particular, is a favorite. They have beautiful carpets and wood flooring to fit every style and budget.

Thanks to The Houston Design Center and the showrooms for making my job so much easier.”

Shellaine Henderson Shellaine's Interior Design

Since 1991 Shellaine's Interior Design has been designing award winning custom interiors. Shellaine listens to her client's ideas and then uses her experience and expertise to bring their vision to life on time while working within their budget.

New construction is Shellaine's specialty and it encompasses both residential and commercial endeavors. This specialty has awarded her projects throughout the US and Canada.

Shellaine is a professional member of ASID and a licensed registered interior designer. She has completed numerous multi-family projects including student housing, retirement centers and apartment complexes. Various commercial projects include vendor showrooms, country clubs, offices and medical facilities. On the residential side Shellaine has participated in a number of showcase homes and completed many model home projects. Custom homes designed range from traditional 18th century, Texas Hill country, transitional, farmhouse to contemporary. Shellaine strives to make each design project unique and special according to the client's vision.
