Pamela O'Brien/Pamela Hope Designs

The Houston Design Center

The Houston Design Center is an absolute delight! The wide variety of quality showrooms, friendly faces and park-like setting make it a joy to shop and source there. I can get so much accomplished while taking a leisurely stroll down one side and the other. My clients love it too and we never leave empty-handed.

Pamela O'Brien Pamela Hope Designs

As the Principal Designer at Pamela Hope Designs, Pamela O'Brien enjoys providing creative interior design solutions to a wide variety of clients. Following travel and study abroad and a degree in languages, design beckoned so she undertook coursework and studied at the Harvard Graduate School of Design. Pamela embraced her passion by opening her own design company in 1999. She has completed residential projects nationally coast to coast, from Maine to Alaska. Pamela and her design team have designed commercial projects for well-known companies like Bellows Construction, Tradition Bank, Allergy and Asthma Associates, and Cricket Communication. Pamela is an award-winning designer both locally and nationally with featured projects in House Beautiful, Houston House and Home and Bayou City Magazine among others. She is a member of the American Society of Interior Designers (ASID), the Greater Houston Builders Association and the National Speakers' Association
